Part 2 – Project Ideas

The UO ArtsBridge program requires you to work in partnership with a ArtsBridge Scholar who will design and deliver a project plan appropriate for the age and learning objectives of your students. Using the rest of this page, and additional pages if necessary, please describe your ideas for a potential art project, or projects, that you would like to have in your classroom. This information will better help us match a scholar with your learning objectives.

Note: Not every art project request can be filled; decisions are based on our funding and the availability of Scholars who can instruct the types of project requested.
